Classic Bench

Hand crafted out of
Glass Reinforced Concrete

The Classic Bench

A striking sculptural concrete bench perfect for any outdoor space. Every bench is made to order in the UK out of glass-reinforced concrete which considerably decreases its weight and carbon footprint compared with standard concrete. The Classic bench is cast hollow, weighing only 100Kg so it can work on balconies, roof gardens and terraces.

We handcraft all our products in Birkenhead using our very own GRC mix, ensuring a lifetime of use.

Every piece is handcrafted and hand finished by our skilled technicians, no 2 benches are the exactly the same.

Colour

White, Portland Stone, Bath Stone, Coral

Weight

110 KG

Size

Height 800mm
Width 1800mm
Depth 900mm

Anchoring

The Anchoring is done with four stainless steel threaded M8 anchor bolts fixed with a chemical anchor into concrete foundations prepared in advance. A detailed drawing is available for each particular product.

Hex-Blocks

Hand crafted out of
Glass Reinforced Concrete

Hex-Blocks

A striking modular sculptural concrete planters and plinths for outdoor use. Every piece is made to order in our studio in the UK and is built to last a lifetime.

The Hex-block planter is a perfect hexagon. This simple geometric shape is handcrafted to survive outside in the harshest weather, but with its tactile smooth concrete finish it works just as well as an interior piece of furniture. This piece can work on its own or buy multiple Hex-blocks and build a bigger piece.

Every piece is handcrafted and hand finished by our skilled technicians.
